WOJEWÓDZTWA POMORSKIEGO

Conference

Protection of the Environment in the Baltic River Basins

Wastewater – Sludge – Energy

26 April, 2017

Gdańsk University, Faculty of Social Sciences, ul. Bażyńskiego 4, Gdańsk

Conference Programme

Time: 10:30 – 16:30

- 10:30 Welcome, His Excellency **Karsten Klepsvik**, Ambassador of the Kingdom of Norway to Poland, His Magnificence **Jerzy Gwizdala**, Rector of the Gdansk University, **Mieczysław Struk**, Marshal of the Pomeranian Province and **Piotr Grzelak**, Vice Mayor of the City of Gdansk leading the Municipal Dept.
Chairperson of the Conference: **Prof. Marek Gromiec**, National Council of Water Management
- 10:45 The new energy concept for WWTPs in the context of environment protection of Baltic river basins, **Prof. Marek Gromiec**
- 11:15 Persistent organic pollutants – a global threat for the environment, **Prof. Elżbieta Niemirycz**, Gdansk University
- 11:35 Coffee break
- 12:00 The Cambi thermal hydrolysis process converting sludge and municipal organic waste to biogas and valuable minerals, **Norman Weisz**, Cambi AS and **Piotr Kamola**, Krevox Sp. z o.o.
- 13:00 Practical application of thermal hydrolysis for the centralized WWTP in Tarnów, **Dr. Tadeusz Rzepecki**, Tarnów Waterworks
- 14:00 Buffet lunch
- 15:00 Centralized treatment of sewage sludge from WWTPs and other organic waste at Lindum AS, **Dr. Beata Szatkowska**, Aquateam Cowi AS
- 15:30 Practical usage of the material after the thermal hydrolysis as earth component for plant production, **Torleiv Næs Ugland**, Høst AS
- 16:00 Possible co-financing of projects in the field of environmental engineering, **Dr. Ewa Kwast**, Innovation Norway
- 16:30 Summing up and closing of the Conference
